Anatomy and Physiology

Level 5

What is Anatomy and Physiology?

Anatomy and Physiology is a mandatory module. This course provides a solid introduction to the anatomy and physiology of the human body. An understanding of anatomy and physiology is an essential resource for all those working in beauty therapy, complementary therapy, sports therapy, nursing and paramedicine. This module forms part of the major award:

- Level 5 Nursing Studies 5M4349

Who should do this module?

Anatomy and Physiology is suited to those who are new to their role in healthcare or wish to gain a valuable qualification and find a job in this sector.

This module will provide you with knowledge of the structure and function of the human body and an understanding of the interrelationship between the systems of the body.

Course Delivery - You have 3 options;

Self-Paced - You can start today

- Enjoy one to one Trainer support through Zoom, choose whether to have your learner pack posted to your home - (€25 optional if opting for the printed pack).
3 x 30 minute check-in / progress sessions with your trainer.

Blended - Learn with a group online

- Each module is delivered over 7 weeks through a blend of hour long online self directed learning and live Zoom sessions. Your learner pack is posted to your home.

Classroom - Traditional location-based training

- Have the course run at your organisation, book a local training room or attend one of our public courses. Each module is delivered in 3 hour sessions over a period of 7/8 weeks. We can tailor the sessions to your organisational requirements.

Entry Requirements

Applicants who hold a Level 4 Certificate / Leaving Certificate (or equivalent) or who have relevant life experience are eligible to apply for this module. Please provide details and attach a copy of either a current CV or Certificate. Learners must reside in Ireland.

Assessment and Certification

Anatomy and Physiology is assessed through the submission of an assignment and a examination. Upon successful completion, this module leads to a level 5 minor award on the National Framework of Qualifications. This is validated by QQI and is an internationally recognised qualification.

Career and Progression Opportunities

The successful completion of this module as part of a major award will allow students to pursue a career in healthcare supervisory management. Students who successfully complete this module may use their credits towards completing a higher level of study in the areas of Health and Social Care. If completed as part of a major award, students can use the Certificate as the basis for entry into selected courses in Third Level Colleges and Universities.
