Care Support Level 5

What is Care Support?

Care Support is an optional module. This course offers learners the opportunities to get a deep insight into the nature of Healthcare work, the other professionals involved who comprise multidisciplinary teams, and how best to implement tailor made care plans for people in care. There is also a focus on reflective practice which can assist the learner in finding where their strengths in the area lie. the course also explores the varying needs of different client-groups and places emphasis on person-centered care. This module forms part of the major award:

- Level 5 Healthcare Support 5M4339

Who should do this module?

This module is suitable for anyone who wishes to become a Healthcare Assistant or for those who may work in health or social care currently and would like the opportunity to improve their skills. Undertaking this module will open up your career and allow you to work in various health and social care settings.

Upon completion of this module, you will have an in-depth understanding of the roles and responsibilities of a care worker and the importance of multidisciplinary work in the care sector. You will understand the needs of various clients within a care setting and be able to plan and provide quality care in practical settings.

Programme Contents

- Roles, Responsibilities and Entitlements of a Health Care Assistant
- Role of the HCA in Multidisciplinary Healthcare Teams
- Planning and Providing Enhanced Quality Care
- Meeting the needs of individuals
- Explore the need for personal plan
- Personal Development
- Personal Effectiveness
- Relationships and Interpersonal Skills

Entry Requirements

Applicants who hold a Level 4 Certificate, Leaving Certificate (or equivalent) or who have relevant life experience are eligible to apply for this module. Please provide details and attach a copy of CV or Certificate. Learners must reside in Ireland.

Assessment and Certification

Care Support is accessed through the submission of an assignment and a learner record. Upon successful completion, this module leads to a level 5 minor award on the National Framework of Qualifications. This is validated by QQI and is an internationally recognised qualification.

Career and Progression Opportunities

The successful completion of this module as part of a major award will allow students to pursue a career in healthcare supervisory management. Students who successfully complete this module may use their credits towards completing a higher level of study in the areas of Health and Social Care. If completed as part of a major award, students can use the Certificate as the basis for entry into selected courses in Third Level Colleges and Universities.

Theresa

Learner Review

“ I could watch the zoom classes in my own time! This made the course even better. Crystal, the trainer was always very clear about what she wanted and needed us to do. She was a good trainer.
